
WHAT WE DO

Promotion of Early-Stage Researchers

Under the CENTRAL roof, **diverse learning and student exchange opportunities** are available across the partner universities. Our joint mission is to strengthen early-stage researchers, stimulate cross-border research collaboration, and to reinforce regional links.

Public Outreach

A key mission of universities is to **carry the academic discourse into the general public**. In a combined effort, CENTRAL partners make CEE research widely seen. Calling out cross-cutting annual themes, we set the agenda for manifold outreach activities, supported by our Ambassadors.

CENTRAL Network Activities 2020–2024

You can find information about workshops and other CENTRAL activities from past years on the link below.
